

On behalf of the Board of Directors, I want to personally reach out to the Greenwich Bay Sailing Association family as our community sails into truly uncharted waters. We fully realize this is a challenging and uncertain time as we navigate through the COVID-19 pandemic. Sailing is the ultimate freedom of expression and we are committed to making the very best of the season for our kids when the time is right to return to the waterfront. While the coming weeks will prove to be uncertain, please know that GBSA continues to prioritize the health and safety of your child as we plan for the summer ahead. We will communicate with you as our schedule becomes clear however at this time we are optimistic that the summer sailing sessions will remain unaffected.

In the near-term life will continue to look and feel a little different...however this may be the most vital time to let you know that we are here for your family now and when the summer sun returns. It won't be long before its time to rig the Optis, launch the 420s, and the familiar southerly breeze begins its daily dance through Greenwich Cove powering the dreams of the next generation.

We look forward to another amazing season and giving the gift of sailing to our children, until that time please don't hesitate to reach out to us with any questions or concerns.

Sincerely,

Kristina McAteer
President, GBSA
